

# BioLite SiteLight

## Extended Reach

Lights connected by 20 ft of cord

## Extended reach in compact form

Daisy-chain up to four lights for a 40 ft reach

## Direct and dim with ease

Control angles and the strength of your light

## Easy setup

Pull apart and plug in

## 300 lumens total output

150 lumens per light

USB adapter included

Create a sense of space and place with the SiteLight, a coupled daisy-chaining light system that provides warm and highly functional light at your site. The SiteLight can establish an impressive forty feet of lighting with four connections, yet breaks down easily into a compact, protective sphere with effortless cord management. When your only ceiling is the stars, this is an elegant solution to overhead lighting.

part of the  
BioLite NanoGrid
